

Leslie's Metaphysics ebook series:

The basic principles of The Current Status of Mankind

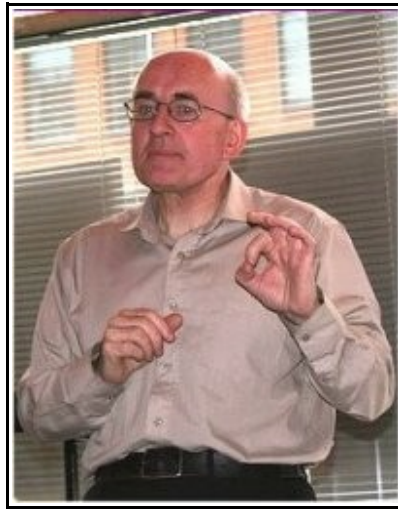

**A brief description of where we came to Earth from,
How long ago it was, and why we came here,
The suffering that The Mother Earth has undergone for us,
How beings from other worlds have been helping us,
Where we stand in these latter days of our present culture,
What is likely to happen – *SOON!***

Foreword

While attending a UFO lecture some years ago - given by an aeronautical engineer I noticed that some of what was being said was not understood by various members of the audience, presumably due to their lack of basic metaphysical knowledge. It was for that reason that I decided to create a website that would give interesting metaphysical information, explained step by step so that total newcomers could follow and understand it.

More recently I hit on the idea of encapsulating several popular subjects each in a freely distributable pdf ebook. It also dawned on me that if I printed them I could pass them around to anyone interested, and hope that over time these free offerings would circulate and encourage people to visit my website, and enter into discussion with me, or maybe have clubs, societies or groups of friends ask me to give talks on these things so that I could play some small part in spreading metaphysical and mystical knowledge to those who were curious but did not know how to start learning the fundamentals, or simply did not have access to the internet.

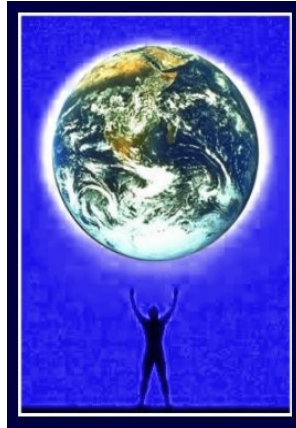

For more than 30 years I have been a student of a quite advanced teacher who considered himself '*A Yorkshireman who calls a spade a spade!*'. He has given some of the greatest lectures and seminars that I have ever had the privilege of attending, and subsequently I have made progress in my understanding far beyond that which I could have achieved on my own.

If you have access to the internet you can read or acquire my series of ebooks from my website's '*Free downloads*' page, or go straight to this web page at:

**Basic principles of
The current status of Mankind.
By Leslie A. Baker**

**“Blessed is The Mother Earth - for She shineth like a Sun doth shine,
Yet, of purpose She hideth this light beneath the bushel of
a material form, which renders unto Man sustenance”**

So where are we now?

What is really happening to us and the planet?

Here is a very brief synopsis of our current position,

the lead up to it, and the new phase that is dawning . . .

Some millions of years ago our race used to inhabit a planet known in certain legends as Maldek, which is synonomous with Lucifer - the fallen angel, not to be confused with Satan, one of our own race who became a very skilful black magician, and in 1967 was removed from power - no longer to be a threat to mankind, by five individuals who were not of this world, and who were here specifically to perform such missions.

The people of Maldek (ourselves) allowed a few scientists to play with atomic power. During a period of political and social unrest an atomic war took place which in a few seconds of searing flame turned our home world into The Asteroid Belt - cold lifeless lumps of rock, and as NASA and The European Space Agency have recently discovered - the exploding planet sandblasted other nearby planets and moons. Karmic agents at the highest level in this planetary system debated at length and eventually approached The Mother Earth to ask Her permission for this race of interplanetary criminals to be reborn upon Her back. No other planet in this system was suitable. In compassion She agreed, realising that it would mean a tremendous hold up in her own evolutionary progress.

The original Earthmen who were here before us were also approached and asked if they would procreate, something which they didn't need to do for themselves – having evolved beyond such limitations, to produce baby's bodies into which we could incarnate. They too, showing great compassion for an otherwise lost race agreed. The strategies were worked out, and the plan was set in motion, so that we people from Maldek could continue our evolutionary progress on this world that we call Earth . . .

The biosphere of this planet was not 100% suitable for us at that time, so an elevated Lord known to us as The Sanat Kumara (The ancient of days) along with a team of helpers came to Earth to make the necessary modifications to the environment, with permission of course. The Sanat Kumara came to Earth 18,617,841 years before the birth of The Master Jesus – who by the way - came from the same place - Venus - The bright and morning star.

Because we had murdered our supporting planet - Maldek by the misuse of atomic power karma dictated that we had to be born into bodies that were mutated and genetically warped, as a lesson. That almost Godlike race who bore us had to give birth to 'monsters of men', which entailed great suffering on their part for many centuries.

We incarnated here in greater numbers as the original Earth inhabitants - known in legend as 'Adamic Man' were slowly evacuated to carry on their spiritual progression in other places. It took an awful long time for us to outgrow the limitations we had brought upon ourselves, and eventually we evolved again in terms of culture and science. We had space travel, and did visit the Moon and other planets. We had learned about genetic engineering, use of crystals and sound. But unfortunately a few were delving into the atom again. War eventually ensued, atomic weapons were used, and The Mother Earth was caused to flip to a different axial orientation. The 'ring of fire' around the northern Pacific Ocean was opened up, and large land masses sank into the depths. The various cultures which we collectively now call 'Lemuria' came to an end.

The great Cosmic beings who were watching all this from other worlds were very concerned that our radio-active pollution could drift away from Earth, to cause ecological damage through this planetary system. Also the radio activity caused genetic mutation in our own bodies, and that of animals. We could no longer stand the full cosmic ray bombardment which up to that time was essential for our progression, and for The Mother Earth's. One solution presented itself - planetary engineers were brought in to create an ionised layer around the Earth, to keep our pollution in, and to cut down the cosmic rays. This layer is known in occultism as 'The Ring Pass Not'. Karma now demanded that until we rose to a certain level of spirituality we could not go out from Earth beyond this layer, hence its name.

The centuries rolled on and we slowly, again outgrew the mutations. New cultures rose on another land mass which used to exist in The Atlantic Ocean. Some of these peoples knew of the presence on Earth of a great Lord who had been helping us where and when he could, within the karmic law. They gave him the name 'Atlan', and called their land after him - 'Atlantis'. The later Greeks had a dim recollection of him in their mythology, and referred to him as 'Atlas'. The symbolism of Atlas with the world on his shoulders has truth in it - not that he carries the physical globe of Earth, but he did, and still does carry the responsibility of overseeing all life on Earth. He acts as an intermediary between us and the great Cosmic Lords of the planetary system, and also the even more evolved 'Lords of Karma'.

As stated - he still is on Earth in these days and has been for three thousand million years. He has declared that he may be here as long again! If he walked into your room now, as he is able to do, he would appear to be a youth in his twenties. With beings like this in existence how can we Terrestrials claim to have even the minutest amount of advancement? Atlan / Atlas is in these days called Babaji (Great Father), as we don't know his real name. He is the head of The Spiritual Hierarchy of Earth (The Great White Brotherhood), and Master of The Earth.

During the long and eventful history of Atlantis many cultures rose and fell. At times we had (yet again) space travel, genetic engineering and use of crystals and sound etc.

Unfortunately we seem to be a race who do not learn easily. Though a few did listen to the Cosmic Beings who from time to time visited us and tried to teach us the ways of spiritual progression, the masses did not listen. Because so many people did not centre their lives on spirituality they became frustrated and took to personal gratification, as the Maldekians did, as the Lemurian's did, and as we are doing now. This allowed the return to atomic experimentation, and again - war. The military of those late Atlantian days fought with the magicians. The latter using pranic and psychic energy, and the former - atomic power. The Indian epics The Rama Yana and The Rama Raya tell of those wars, the use of the aerial craft called vimanas, and the total destruction of property and people by use of The Brahma Weapon - an atomic ray and Indras Dart - an atomic missile. Eventually large portions of The Atlantian continent broke away and sank, leaving two islands that some people refer to as Ruta and Daitya. There is much debate about the dating, but I personally believe that the initial fall of Atlantis took place around 800,000 years ago - far further back than some current academics are postulating.

This release of radio activity was such that it intensified the ionosphere, and the conflagration caused The Mother Earth to flip again, also the mid Atlantic ridge was made unstable. 'Modern' scientists know that the Earth has flipped at least twice, but generally do not realise that WE were the ones who made it happen.

For a third time we took centuries to outgrow genetic mutation caused by the radio active release. It took many centuries for later, less advanced cultures to arise on the two islands. Of course there were other peoples around the world, at different stages of development too. Around 200,000 years ago The Mother Earth had no alternative but to shake a little, and I believe that it was around then that one of the two islands sank. All through our history we have never been left without true knowledge. There has always been a main 'school of mystical teaching' for those who want to progress. As each culture fell the location of this 'centre of mystical teaching' was moved. Just prior to this 'shake' another Cosmic Lord (later associated with Egypt) - Thoth designed and supervised the building of what we now call The Great Pyramid at Giza, as initially a 'store house' for certain artifacts, and later a place of initiation. The size of the structure, built upon solid bedrock could stand the shake which was to come, and the shape and orientation caused a constant flow of 'prana' through the internal chambers, preserving their contents for many centuries.

The last remnant of Atlantis - called by some 'Poisonis', or 'Poisonia', is what many people now regard as Atlantis, when they talk of civilisations dating back 100,000 years or less. This is the island Plato referred to as being 'Beyond the Pillars of Hercules'.

It is written in certain mystical manuscripts that it was about 100,000 years ago that on Poisdonis there was a large city called 'The City of The Golden Gates'. It was here (they say) that rich (war)lords had large temples built, decorated with precious stones and gold, in which they paid retinues of priests to pay homage to them. Living in that area at the time was a race of people who were the forerunners of those later called The Akkadians. These were spiritually devout people who took objection to this practice, and supposedly a few of them left, to end up in what is now southern England. As a protest they are said to have built a basic, 'bare-bones' temple out of rough stone at the place we now call Stonehenge.

According to The Mayans, in the year which equates for us to 9,564BC Poisdonis sank beneath the waves in one night, and sixty million people perished. Some modern scientists say there was an ice age 11,000 years ago - I wonder why?

Up to the demise of Atlantis great Masters (Teachers) from other planets could openly visit us to help in whatever way they were allowed. Since that time our karma has been so bad that this is now not permissible. Any Cosmic being who volunteers to live amongst us, in order to carry out certain missions has to be born on Earth as we are, grow up from childhood, and suffer the limitations of a basic Earth body. One of the first great Masters to do this was The Lord Krishna, who in origin was from Saturn. He is the most evolved Master to come here in this way. Later The Lord Buddha was born on Earth, followed over 400 years later by his younger brother – whom we call The Master Jesus. There have been a few others like Sankacharya, Lao Tse, Confucius and Patanjali. They have not come in a random way, but part of an ongoing plan by these great Masters to slowly guide those who are willing to listen and more importantly - ACT in the light of the Cosmic Wisdom!

Our karmic pattern was such that around two thousand years ago we should have suffered more great 'natural catastrophes', whatever form they would have taken we do not know. But it was seen by The Cosmic Masters on other planets that if it did happen we could not recover in time to deal with what is now coming - in our very near future . . .

The Master whom we refer to as Jesus volunteered to be born onto The Earth and to take that suffering which was due to us, so that this catastrophe would not happen at that time. He did not stop this catastrophe - he delayed it! The crucifixion was part of the very clever strategy, which Jesus probably devised centuries earlier. As the karmic law is that 'we shall reap what we sow' we now owe that debt to Jesus rather than to karma itself, but that debt is still owed by us all, whether Christian, Buddhist, Hindu or Muslim, yes and even the basic materialists. The church statement that 'Believe in Jesus and all your sins will be forgiven you' is nothing more than a sales gimmick invented by the Roman politicians who infiltrated Christianity at an early stage of its growth.

All through our history there have always been evil manipulators behind the scenes who have used clever psychology to control the mass of humanity. Satan used to be the head of this evil hierarchy, but as said above - he is now gone. However there are others ... and two thousand years ago one in particular was proving to be a problem in respect of this cosmic plan for mankind's upliftment. Another part of Jesus' mission on Earth was to attract the attention of this 'wizard of the dark arts', so that when he went against Jesus, without ever knowing who or what Jesus really was, he would automatically bring immense negative karma against himself. This he did, and he too is no longer there to hold up mankind's progression.

However - just to show that Jesus referred to these manipulators - when he was on the cross he knew that this black magician had been the one to psychologically influence the crowd to call for his crucifixion, he knew the crowd did not know how they work. This is why he stated "Forgive them [the crowd] for they know not what they [the evil ones] do!".

In more recent times it is the remaining manipulators, who are still there controlling their puppets - the Bilderberg Group for instance, consisting of politicians, bankers, industrial tycoons, media and drug barons etc., as they did such individuals as Julius Ceasar and later Hitler. Many conspiracy claimants point the finger at these without ever realising that there is a whole hierarchy of evil manipulators behind them, whom you will never hear of, except in explanations like this. There is much talk of a 'New World Order' being discretely set up. A little knowledge of what real Cosmic Masters have said, and done in recent times will show that these evil plans will not succeed, however there may be some conflict as their end-time draws near. A few years ago a being known as A Lord of Karma stated:

*"Beware ye schemers, for the time cometh when
the tide of black energy shall turn against itself!"*

There is something else too which they cannot fight - As you have read above it is over eighteen million years since we first came to this planet. In fact if you want it more exact - The Sanat Kumara came here 18,617,841 years before the birth of Jesus, this is an exact figure - not a guess. All that time The Mother Earth has been holding herself in a trance-like condition so that we could live on Her back. The Karmic Lords have now decreed 'enough is enough'. Steps have been taken in recent decades to prepare for this Mighty Goddess beneath our feet to take Her rightful place in evolution, as She should have done millennia ago, regardless now as to whether we are ready or not.

On July 8th 1964 eleven large spacecraft positioned themselves around Earth for a relative few minutes. During this time one of them referred to as 'Satellite Number Three' channelled tremendous energies from The Sun directly into the Logos (life form) of Earth, so that when the Karmic Lords give Her the word She has this energy ready to release, therefore bringing about a total change in the vibration of all matter in and around Her body. She will likely correct Her orientation at this time too, and according to The Cosmic Masters it could all happen in 15 minutes!

We cannot be sure when this change will come, but there is a lot of talk these days about '2012'. It should be noted too that both the Mayan and Gregorian calendars coincide exactly, and both terminate at 11:11am on 21st December 2012 . . . There are various scientific Terrestrial and Cosmic phenomena that it is believed will manifest over this same period. The 'window' appears to be between 2009 and 2015! Being a very compassionate, mother-like being She has wanted to soften the blow for us, so shortly after this event - referred to as Her Primary Initiation She started releasing a small amount of the energy to gradually change the vibrations within us too. This is what probably caused the 'Hippy' movement of the mid 1960s, as some people out of the blue started talking of peace and love. It didn't take long though for the manipulators to get drugs, sex and other obnoxious things into the movement so by about 1968/9 it had all gone 'sour'.

However, The Cosmic Masters have been busy too - The Cosmic Plan continues. Notice that *ALL* real beings from other planets in this system are extremely spiritual, but do not believe in, nor promote dogmatic religion – that is something *WE* have created ourselves. Now we are so very short of time. We are being encouraged to become more spiritual (not religious) ourselves, and the key-note of these days is *Service to ALL*.

Let us now look at a little well documented chronology . . .

In 1956 The Lord Buddha returned to Earth to take over from The Sanat Kumara (who then left this planet) as The Lord of Shamballa, and is now resident there into the future. Shamballa is a large spacecraft, sometimes referred to as a city which is in a fixed position on the higher realms of Earth above The Ghobi Desert. The Lord Maitreya has also in recent times taken over from The Master Jesus as The Christ of Aquarius and World Teacher. (Jesus *WAS* The Christ of Pisces).

Sir George King – a western Master of Yoga, who was not there by chance had his initial contact with space intelligences in 1954, and has subsequently taken over 600 'mental transmissions' from them. He has been overshadowed while in positive Samadhic trance, and some of the greatest teachings mankind has ever been given, at ANY time are now available to YOU! For information on this and the missions described below see The Aetherius Society's website at <http://www.aetherius.org>

In 1958 The Master Jesus gave *The Twelve Blessings*, in a small basement temple in Fulham, London. These mentally transmitted orations constitute not only a set of sacred texts, but a very potent spiritual prayer practice. As Jesus was not allowed to come openly to give these blessings it had to be done by Sir George King going into samadhic trance, to be overshadowed as mentioned above. The Twelve Blessings are in effect an extension to Jesus' original 'Sermon on the mount', but taking us towards a greater 'Cosmic' appreciation. On 19th January 1959 George King's Mother - Mary King was requested to take a copy of the book to be given to The Master Jesus himself. Mary King was picked up in a scout craft, and taken to a large 'mother ship' in orbit of Earth. There, she met Jesus again, and he placed the book in a box of exactly the right size, and stated:

"Blessed is he, who reading this book doth understand.

But exalted is he, even among the Angels,

Who, reading this Book, doth take it to his heart

And follow its precepts.

Tell my Son that this Book is now and forever - Holy."

Please be assured that this is not a recruitment drive to any religious movement, these texts are for ALL mankind, whatever their belief system or philosophy. They do however in certain respects go far further than anything given before! Scientists and Astronomers would learn a great deal from the beautiful descriptions of the true nature of The Earth, The Sun, and The Galaxy, not to mention their own true nature and heritage.

THE TWELVE BLESSINGS is published in book form, and on audio CDs which are available for anyone wanting to hear these sacred transmissions from The Master Jesus through Sir George King. To repeat - the 'Blessings' form not only an educational resource but more importantly it is a very powerful prayer practice that we all can use regardless of what religion or denomination we consider ourselves connected with. The simple principle is that as we reap what we sow, therefore when we send energy to a destination, by karmic law it must be returned to us. We can use this to build ourselves up in an unselfish way. We can send healing to someone sick, or to the whole of mankind. The headings of each descriptive oration is as follows:

- 1) **BLESSED ARE THEY WHO WORK FOR PEACE.**
- 2) **BLESSED ARE THE WISE ONES, FOR THEY WALK THROUGH A DARK AND IGNORANT WORLD, SPREADING THEIR LIGHT.**
- 3) **BLESSED ARE THEY WHO LOVE, FOR THEY ARE THE DISCIPLES OF GOD.**
- 4) **BLESSED ARE THE PLANETARY ONES, WHO HAVE AT THIS TIME SACRIFICED PEACE, SACRIFICED FRIENDSHIP, SACRIFICED THEIR VERY SALVATION FOR YOU.**
- 5) **BLESSED ARE THE THANKSGIVERS, FOR THEY TURN GREAT TIDES OF ENERGY, AND DIRECT THESE TOWARDS THEIR OBJECTIVES.**
- 6) **BLESSED ARE THEY WHO HEAL IN THESE DAYS OF GREAT PAIN AND SUFFERING.**
- 7) **BLESSED IS THE MOTHER EARTH.**
- 8) **BLESSED IS THE MIGHTY SUN.**
- 9) **BLESSED ARE THE SUPREME LORDS OF KARMA.**
- 10) **BLESSED IS THE GREAT BEING KNOWN AS THE GALAXY.**
- 11) **BLESSED ARE THE SUPREME LORDS OF CREATION.**
- 12) **BLESSED IS THE ABSOLUTE. (*A description of God itself*)**

A mission known as **OPERATION STARLIGHT** was performed between 1958 and 1961, during which eighteen mountains around the world were made Holy by being charged with very potent spiritual energies by advanced Cosmic Masters through Sir George King, and a further one with Saint Goo Ling as the channel. Nine of these are in Britain. They form spiritual energy batteries that YOU and I can access, enabling us to unselfishly send these energies to suffering mankind, or your friends and relatives through prayer.

Regular pilgrimages are organised to these Holy Mountains.

In 1961 a Lord of Karma gave nine mental transmissions called **THE NINE FREEDOMS**. It also is available in book and audio CD format. Each transmission describes one of nine evolutionary steps we *all will take*. This describes our progression as far as it can go in this planetary system. In the book there is a transcript of each actual mystical text, followed by an explanation by Sir George King of that particular transmission. It is preceded by a brief chronology of our origins and history along the lines I have described above. The headings of these texts is as follows:

- 1) **THE FIRST FREEDOM WILL BE BRAVERY.**
- 2) **THE SECOND FREEDOM WILL BE LOVE.**
- 3) **THE THIRD FREEDOM WILL BE SERVICE.**
- 4) **THE FOURTH FREEDOM WILL BE ENLIGHTENMENT.**
- 5) **THE FIFTH FREEDOM WILL BE COSMIC CONSCIOUSNESS.**
- 6) **THE SIXTH FREEDOM WILL BE ASCENSION.**
- 7) **THE SEVENTH FREEDOM WILL BE INTERPLANETARY EXISTENCE.**
- 8) **THE EIGHTH FREEDOM WILL BE SATURNIAN EXISTENCE.**
- 9) **THE NINTH FREEDOM WILL BE SOLAR EXISTENCE.**

The San Andreas fault line was due to go, probably in mid 1960s? This was delayed by a mission called **OPERATION BLUEWATER**, again - giving us more time than we would have otherwise had. This mission was physically carried out between 1963 / 1964, and involved a small power boat being steered very slowly in a very specific pattern off the California coast, while concentrated spiritual energy was transmitted from an extra-terrestrial spacecraft high above the Earth, through physical equipment on the boat – into a psychic centre (chakra) of Earth, through a 'float' pulled behind the boat.

In 1966 a mission known as **OPERATION SUNBEAM** was devised as a modification to Operation Bluewater. This mission is primarily a karmic manipulation, during which very potent spiritual energies were directed into a psychic centre of The Mother Earth, as a token repayment for all we have taken from her over the millennia. It was none other than Saint Peter himself who provided the first charge of 'spiritual-energy', which was stored and later discharged into The Earth. This mission has completely changed mankind's future history for the better. We are informed that thousands of worlds throughout this Galaxy are now performing their version of this mission, so it has even changed galactic history! This mission continues with several phases per year . . . Operation Sunbeam has been reported by Cosmic Masters as 'The greatest metaphysical task ever performed on Earth' at any time.

A mission known as OPERATION PRAYER POWER was then devised as a modification to Operation Sunbeam, and inaugurated in 1973 on a hill in North Devon called Holdstone Down, just round the coast from Combe Martin. In this mission 'ordinary people' like you and I charge 'spiritual energy' batteries over the months. We have charging sessions in London and Barnsley, America and New Zealand. This collected energy can be sent out in minutes, therefore greatly enhancing the effect. The energy is so powerful that it cannot fail to work. The people involved, although apparently small in numbers send many thousands of 'prayer hours' of high quality spiritual energy to suffering mankind each year – using physical radionic apparatus. This new-age technology has been likened to The Ark of The Covenant. They said that touching this could kill a person, well, the engineering initiates who handle the 'prayer-power' batteries have often suffered with burns to the hands . . .

A mission now known as THE SATURN MISSION is being performed several times each year. The Masters have stated that every time a phase is performed one guaranteed side effect is that 'Ninety thousand people will be saved from death or severe mutilation as a result of so-called natural catastrophe'. This mission was devised by the highly evolved spiritual Masters who physically live on Saturn!

Since 1955 a large spacecraft referred to as 'Satellite Number Three' has regularly been coming into orbit of Earth at exact times, during which periods *ANYONE* who in unselfish act prays for any other individual or mankind as a whole will have extra spiritual energy sent through them, in a degree they can handle, with the effect that their prayers will be enhanced by a factor of three thousand times. This applies to anyone regardless of whether they are members of any organised religion or not, and regardless of where on the Earth they are. These times are referred to as 'Spiritual Pushes', as that is exactly what they are intended to be. We have the dates and times of this spacecraft's arrival and departure for more than 1000 years into the future. (Contact Leslie for current dates and times).

Can you see the clever strategy here?

Because we are so short of time on Earth now, we have been given:

Sources of concentrated spiritual energy.

Knowledge on how to use it.

Missions we can use it in very potently.

Very powerful ways to manipulate our personal and collective Karma for the better.

Advanced Cosmic teachings to raise our awareness.

A certain Cosmic Master has said many times:

"There is only one energy crisis upon Earth,

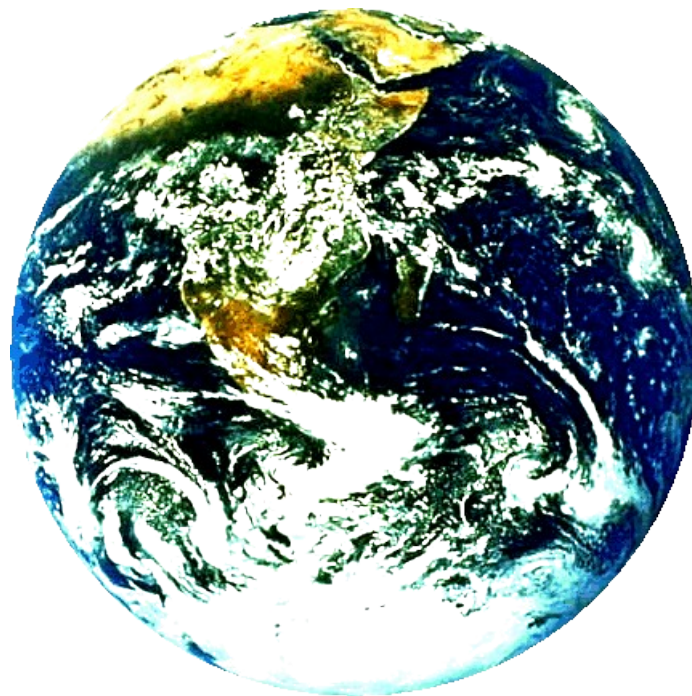

and it isn't oil - which doesn't matter, it is a spiritual energy crisis,

and its not that this energy is short, its that we don't use it!"

Mankind now stands at a crossroads, and we are approaching the end of this current culture, which is a very unfair one. The Lords of Karma have stated that it has to change, and soon. We have been given, yet again, all the information we will ever need to put ourselves and the world right. We have been given more opportunities than ever we have before to progress. The Karmic law cannot be circumvented – we, each and every one of us will reap what we sow, but that is not a negative thing. Help others and you too will be helped. Ignore the suffering of others and you will be ignored when you need help. The evil manipulators are on their way out, and they know it. But they will fight harder as their time left shortens. The New (Aquarian) Age already exists on the higher planes of Earth, and will shortly be reflected onto this basic physical plane. The only people who will be allowed to remain here and see it will be those people who worked to build it – **THIS IS FAIR!**

In some distant century, when the people who were privileged to remain here have been taught by the Cosmic Masters, who will freely walk (again) amongst us become Masters themselves, they will be the 'Gods' who come through the skies to help and guide the ones who this time didn't make it, but that is well into the next chapter of mankind's future history.

You don't have to be a member of any established religion - just be unselfish, and try to work for God. The only way to work for God is to work for Man. There is no other way, and the Cosmic Clock is ticking **LOUDLY** in these latter days

She is waiting, but not for too much longer!
